

Forslight alusteel 320 4x7+4

The frame consists of two aluminium profiles and two stainless steel sheets glued together, two plastic end caps with LED side marker lights.

Length (width)	2400 mm
Height	320 mm
Lights	4 Talmu multifunction lights with: <ul style="list-style-type: none">- 4 stop lights,- 4 park lights,- 4 fog lights,- 4 reverse lights,- 4 direction indicator lights- 4 extra stop/park lights- 2 Nordic 300 work lights- 2 x Jokon license plate lights

A moisture tight plastic connection box is on the rear center of the lightbar. All bushings are moisture tight.

Please note! The lights that exceed the number of what is permitted are for cosmetics only and are not connected when the lightbar leaves our factory. The use of these lights is entirely the responsibility of the owner/driver of the truck
