

Forslight Alusteel 320 LED

The frame is aluminium profiles with plastic endcaps. The lights are mounted on a stainless steel plate.

Length (width)	2400 mm
Height	250 mm
Lights	LEDON LED lights with: Stop light, park light, fog light, reverse light, direction indicator and reflector 2 x Nordic or Hella LED work lights 2 x Jokon license plate lights

A moisture proof plastic junction box is on the rear center of the lightbar. All bushings are moisture tight. According to customer preferences different sidelights can also be attached.

Please note! The lights that exceed the number of what is permitted by law are for cosmetics only and are not connected when the lightbar leaves our factory. The use of these lights is entirely the responsibility of the owner/driver of the truck
