

Forslight alusteel 320 standard Sweden

The frame consists of two aluminum profiles and two stainless steel sheets glued together, two plastic end caps with LED side marker lights.

Length (width)
Height

2400 mm
320 mm

Lights

- 4 Hella stop/park lights,
- 2 jokon red fog lights,
- 2 Hella reverse lights,
- 4 Hella direction indicator lights
- 2 Hella reflectors
- 2 x Nordic 300 worklights
- 2 x Jokon license plate lights

A moisture tight plastic connection box is on the rear center of the lightbar. All bushings are moisture tight.

Please note! The lights that exceed the number of what is permitted are for cosmetics only and are not connected when the lightbar leaves our factory. The use of these lights is entirely the responsibility of the owner/driver of the truck
